

Message from Dr. Fuhr

On behalf of Activator Methods, welcome to 2010! The New Year promises many exciting developments for our Activator doctors, instructors and partners. As we continue our efforts to integrate the Activator Method into chiropractic colleges around the world, I am honored to be speaking at numerous college campuses in early 2010 as well as teaching at the IFEC in Paris. And that's just in the first part of the year! We are also introducing new resources and promotions this year – read below for all the details. And finally, keep an eye on your mailboxes for our Winter 2010 Activator Advantage newsletter and our 2010 catalog, coming later this month. We look forward to keeping you informed about all the happenings at Activator Methods, and wish you every success this year!

RESEARCH

Basic level seminars offered in select cities this spring

While the web-based seminar program at Activator Online www.activatoronline.com is the primary resource for training on the Basic Scan Protocol of the technique, Activator Methods is also offering the Basic level seminar in several cities this spring. In addition to the Intermediate and Advanced seminars, Basic will be taught in **Houston, Orlando, Portland, Kansas City, Orange County, Chicago, San Jose, Atlanta and Minneapolis**. All seminar attendees will learn about the roots of the Activator Method and the research behind it, as well as learning how to deliver the technique to help relieve pain and promote wellness in their patients. To register for a seminar today, please click [here](#).

RELIABILITY

New video provides instruction on correct use of Activator

The Activator is the preferred instrument of chiropractors around the world who utilize the world's #1 instrument adjusting technique as part of their patient care. However, some doctors may have questions about how to properly use the instrument to ensure that they are delivering the most effective care. A new resource is available at www.activator.com to demonstrate correct use of the Activator and aid doctors in their efforts to deliver this low-force chiropractic treatment. To view this short instructional video, please visit the www.activator.com home page and click on the link in the lower right section under "Instruments." The same section also features a video about why the Activator is the superior option for instrument adjusting.

RESULTS

New promotion launched for Activator Online

Those interested in learning the Basic Scan Protocol on their time and their schedule now have even more reason to log on to Activator Online – Activator Methods is introducing a new promotion for 2010! Now, with a paid registration on Activator Online, the user receives his or her choice of either a FREE Activator II or an exclusive education package, including *The Activator Method*, Second Edition textbook autographed by Dr. Fuhr and the Basic Scan Protocol Master Series DVD. Visit www.activatoronline.com to learn more!
